The form of the lease purchase agreement, and any related documents must be submitted with the proposal. Proposers must satisfy themselves that credit approval will be granted prior to submitting a proposal. All finance documents are subject to negotiation and modification by the District's counsel. All agreements and contractual conditions are required to conform with the laws of the State of New York, including but not limited to New York General Municipal Law, Local Finance Law, Education Law, Energy Law and the regulations of the New York State Education Department, the Commissioner of Education and the Office of the New York State Comptroller. The District's attorneys will review and approve all documents before consideration and/or approval by the Board of Education.

Lessor will be required to provide a form of standard lease purchase agreement and escrow agreement with proposal.

Lease Assignment

Assignment of the Lease and related documents by the successful proposer shall be subject to the prior, written consent of the District. The Lease must state that any assignment or transfer of the Lessor's interest shall not be effective until the District has received prior, written notice, signed by the Lessor, of the name, contact person, address, telephone number and tax identification number of the proposed assignee and the District has given its consent in writing. No assignment will be valid unless the Lessor has received the District's prior, written consent.

Amount

The amount to be financed under the Lease is \$4,277,516. Lessor shall be responsible for all fees of Lessor including legal, issuance, origination, commitment and closing costs. The District shall not incur or absorb any fees of Lessor related to Lessor's proposal, negotiations, closing or other activities related to this RFP or the proposed transaction. In the event that a transaction does not close because of the successful proposer's failure to meet the terms of this RFP, the successful proposer shall be responsible for any and all costs incurred by the District in connection with the failed transaction and its negotiation.

Specifications

Interest Rate The Lease Proposal must provide interest rate terms for a lease-purchase option to mature on July 6, 2032 and shall state the interest rates under any options at which the proposing firm will provide the District with financing under the Lease. The Proposal must also cite the index and margin used in establishing the interest rates cited.

Prepayment: The Proposal must state that District will have the right, at its option, to prepay the principal portion outstanding on the Lease, in whole or in part, at any time following 30 days written notice to the Lessor. The Proposal must disclose additional fees and terms, if any, that are required upon the execution of this prepayment right, in addition to interest payable. The Proposal must also disclose how such amounts are to be calculated in the event that the District exercises its right of partial or whole prepayment. The proposal is to include an option to prepay without penalty.

Lease Payments The District will make periodic payments to the Lessor under the Lease. The Lease shall separately state the principal and interest component of the periodic payments to be made thereunder. The total of these payments, which include both principal and interest components made by the District each year throughout the term of the Lease, shall result in substantially level or declining annual debt service (without taking into account projected state aid or annual energy savings). Debt service payments shall be detailed in an amortization schedule prepared by the proposer and provided to the District with its Proposal. For illustrative purposes, please assume a closing date of July 6, 2017 when developing an amortization schedule. Thereafter, debt service payments will be made semiannually in arrears on each January 6th and July 6th with the first debt service payment to be made on July 6, 2018. Lessor shall provide a statement and thirty days notification prior to each payment due date.

The Proposal must state that the interest rate and other terms cited in the proposal will be good through the closing date. The Lease shall not become effective until the delivery of funds.

Term The Lease-Purchase Agreement is scheduled to close on July 6, 2017 and mature on July 6, 2032.

Escrow Upon closing, it is anticipated that lease proceeds will be deposited in an escrow account to be utilized over the course of project construction (the "Project Fund"). The escrow provider must be a bank or trust company located and authorized to do business in New York State (the "Escrow Agent"). Investment and collateralization of the moneys in such fund will be solely at the direction of the District and must be in compliance with the New York State General Municipal Law Sections 10 and 11. The Escrow Agent shall be an agent of the District. The Project Fund shall be free of any security interest of the Escrow Agent.

1. At the option of the District, the moneys in the Project Fund may be held uninvested in the Project Fund. If invested, the Escrow Agent shall invest amounts on deposit in the Project Fund solely at the written direction of an Authorized Officer of the District. All investments made shall be subject to the following conditions:
 - (a) Such obligations shall be payable or redeemable at the option of the owner within such times as the proceeds will be needed to meet expenditures for purposes for which the moneys were provided and, in the case of obligations purchased with the proceeds of bonds or notes, shall be payable or redeemable in any event, at the option of the owner, within two years of the date of purchase. Any obligation that provides for the adjustment of its interest rate on set dates shall be deemed to be payable or redeemable for purposes of this paragraph on the date on which the principal amount can be recovered through demand by the holder thereof.
 - (b) Such obligations, shall be registered or inscribed in the name of the District and shall be purchased through, delivered to and held in the custody of the Escrow Agent. Such obligations shall be purchased, sold or presented for redemption or payment by such Escrow Agent in obligations only in accordance with prior written authorization from an Authorized Officer. All such transactions shall be confirmed in writing to the District by the Escrow Agent.
2. All investments described above shall be made and ownership recorded in accordance with all applicable requirements of Section 10 and Section 11 of the General Municipal Law.
3. The Escrow Agent will expressly acknowledge that the Lessee is not authorized to invest in mutual funds registered with the Securities Act of 1933, as amended and operated in accordance with Rule 2a-7 of the Investment Company Act of 1940, as amended, including no-load money market mutual funds limited to investments in obligations of or guaranteed by the United States of America or in obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America, or any similar mutual fund or other money market or liquid deposit investment vehicles.
4. Monies and investments in the Escrow Fund shall not be subject to levy, attachment or lien by or for the benefit of the Escrow Agent, or any creditor thereof.

Excess Proceeds In the event that there are excess proceeds available in the Project Fund at the end of the construction period, proceeds shall be transferred by the Escrow Agent to the Lessor and applied to the next succeeding lease payment and each lease payment thereafter until fully utilized. Such use of funds will not constitute lease prepayment and will not be subject to any administrative fees or charges.

UCC Filing The District will not provide a legal description for each District property in connection with this financing. In the event the winning bidder requires this information for the purposes of making a fixture filing pursuant to the applicable provisions of the Uniform Commercial Code, the winning bidder may obtain such information at its own effort and expense.

Warranties All manufacturers' warranties, expressed or implied with respect to the Equipment acquired shall be assigned by the Lessor to the District.

Annual Appropriation The annual lease payments are subject to appropriation each year by the Board of Education of the District.

Non-Funding/Executory Clause Pursuant to the General Municipal Law §109-b, and the Energy Law §9-103, the Lease-Purchase Agreement shall contain an executory clause which shall state that should payments not be appropriated by the District in any fiscal year; the District will not be obligated to pay the amounts due beyond the end of the last funded fiscal year and no liability on account thereof shall be incurred by the District beyond the amount of such monies. The financing contract is not a general obligation of the District. Neither the faith and credit nor the taxing powers of the District are pledged to the payment of any amount due or to become due under the financing contract. In the case of a failure to appropriate, the sole security under the Lease shall be the

Equipment. In the event that no funds or insufficient funds are appropriated by the District to pay the Lease, the Equipment may be acquired and sold by or on behalf of the Lessor, provided that any excess proceeds from such a sale, after deduction for and payment of fees, expenses and any taxes levied on the sale, shall be paid to the District. Prior to the sale or seizure of such equipment, the District shall be provided adequate written notice, no less than ninety (90) days, to cure any default. Should such a sale or seizure take place there shall be no disruption to the District's operation to the extent possible.

Financing Documents Upon submission of the proposal and following notification of the award, the prospective Lessor must provide the District with a draft of its proposed financing documents, and notification of its credit approval for the transaction no later than **June 5, 2017**. All financing documents are subject to modification by District counsel. Closing is subject to successful negotiation and approval of all documents by counsel to the District. The District reserves the right to rescind any award due to failure of successful negotiation of the parties to agree to the terms and conditions thereof and to recover its costs in connection therewith. Closing is subject to final approval by the District Board of Education by resolution. The prospective Lessor is advised that the President of the Board of Education is the sole authorized representative of the District for the purpose of signing financing documents.

Lease Termination Upon termination of a Lease through exercise of Lessee's option to prepay or through payment by Lessee of all Rental Payments and other amounts due with respect to such particular Equipment, Lessor's security interest in such Equipment shall terminate, and Lessor shall execute and deliver to Lessee such documents as Lessee may reasonably request to evidence the termination of Lessor's security interest in such Equipment.

Tax Status The Lease shall qualify as a tax-exempt lease financing, that is, the interest component of the Lease will be exempt from Federal, New York State and, where applicable, New York City taxation. The Lease-Purchase Agreement will be designated as "bank qualified" pursuant to Section 265(b)(3) of the Internal Revenue Code. The District will not defend or hold the Lessor harmless from any adverse changes in the tax status of the transaction, after tax yield or cash flows resulting from changes in the Federal or State tax codes or regulations.

Credit Rating The District is currently rated "Aa1" by Moody's Investors Service.

Binding Authority Each Proposal must be signed by an individual who is legally authorized to contractually bind the proposing firm.

Basis of Award

The District reserves the right, in its sole discretion, to reject any and all proposals, or any part thereof, received in response to this Request for Proposals, to waive formalities, to request additional information from any proposer, and to award and negotiate the terms of the contract with any proposer. The District intends to select the firm whose proposal is most advantageous to the District and meets the District’s needs for this lease-purchase agreement, and not necessarily the firm with the lowest cost proposal. In determining which proposal is most advantageous and in the District’s best interests, the District will evaluate, among other things, the overall financing cost (inclusive of any interest and fees) to the District, optional redemption provisions, responsiveness of each proposal to the terms of this RFP and applicable law, the terms and conditions of the proposed agreement, experience and reputation of the bidder in the State of New York. The District will not have any liability to any proposer for any costs or expenses incurred in connection with your response to the request for proposals.

All proposals shall be signed by an individual legally authorized to bind the proposing firm and the signer’s name shall also be typed or printed to or under the signature together with his/her title or designation.

Following receipt of the completed proposals, tentative notification will be made to the prospective Lessor whose response best meets the District’s needs and otherwise appears to meet the basis for award. It is expected that a formal award will be made by the Board of Education at its June 14th meeting. Note that the prospective Lessor must provide the District with a draft of its proposed financing documents, together with notification of credit approval in order for District officials to accept and grant final approval.
